EverFast Platform

It is the heart of the WiFi-Network, one of the most powerful and versatile "cloud based" solutions designed for the management and remote control of WiFi access from public locations.

All registrations allow free access to the Internet from EverFast Points of the WiFi-Network/EverFast circuit, in all the Countries where the same is present.

EverFast Points

- **EverFast Point SILVER**

- **EverFast Point SILVER/SOCIAL**

- **EverFast Point PREMIUM**

- **EverFast Point PREMIUM PLUS**

EverFast Point *SILVER*

The SILVER registration is available at alla Silver and Silver/Social EverFast Points and only requires the availability of a mobile phone number and an active email address.

EverFast Point

SILVER SOCIAL

The SOCIAL access is available at all Silver/Social EverFast Points. You will need the credentials you used to sign up to social networks, such as Facebook, Instagram, Google+, and Twitter.

EverFast Point PREMIUM

The PREMIUM registration is available at any Premium and Premium Plus EverFast Point. It requires a User ID, which you can find on the back of the WiFi card supplied by the manager, an active cell phone number, and a valid email address.

1) User ID
2) eMail
3) Prefisso Internazionale
4) Cellulare
5) Note Legali
6) REGISTRAMI / INVIA

EverFast Point *PREMIUM PLUS*

The Premium Plus registration follows the same rules as the Premium version and the only difference is the possibility granted to users to access confidentially from their respective EverFast Points (Hotels, Tourist Apartments, Campsites, etc.) as well as from all other EverFast Points Silver, Silver / Social and Premium.

A hand is shown from the bottom, cupping a glowing globe. The globe is covered in a white network of lines and nodes, representing a global network. The background is a soft, light blue gradient.
